Living costs p.m. (housing, meals)	- Boarding house: approx. € 146.76/month - 1 economic meal outside the university ranges from € 1.80 to € 5.00
Leisure and Sport Facilities	Gym on campus. There are several cafeterias and restaurants on campus where students can choose different types of meals at different prices. Of course they can always try other restaurants downtown, where most of them are located. The “Docas” (riverside entertainment space) is an excellent place to stroll by the Guajará Bay, go to the movies or meet friends in one of its several charming bars/restaurants. There is one shopping mall located downtown (Iguatemi Shopping), and one just outside the city (Castanheira Shopping), both with movie theatres, food court, shops, parking lot, and other services.
Other remarks	UFPA does not offer room and board for students. However, the International Office staff can help finding suitable accommodation. Since there is a very limited offer of student residences in the city, we strongly recommend that students make reservation for temporary accommodation at one of the suggested boarding houses or hostels, at least one month before arrival. Then they can look for a place to live while they're here.
